Additional plan benefits

Life insurance can be a critical first step in helping to ensure your family's financial wellbeing. With your supplemental term life insurance coverage, you get access to meaningful features to help you make the right decisions to manage what life may bring, at no additional cost to you.

Valuable built-in features

Total Control Account^{®5}

The Total Control Account (TCA) is a settlement option that provides your loved ones with a safe and convenient way to manage life insurance proceeds. They'll have the convenience of immediate access to any or all of their proceeds through an interest-bearing account with unlimited check-writing privileges. The Total Control Account also allows beneficiaries time to decide what to do with their proceeds.

Accelerated Benefits Option⁶

You can receive up to 80% of your supplemental term life insurance proceeds to a maximum of \$500,000 in the event that you or your spouse/domestic partner become terminally ill and are diagnosed with less than 24 months⁷ to live. This can go a long way toward helping your family meet medical and other related expenses at this difficult time.

Automatic Benefit Increases

Original coverage amount will increase 10% each year for a maximum of 10 years or when the total face amount reaches the plan maximum.⁸ To receive each increase, you must be under age 60 and able to perform normal activities as defined in your Certificate of Insurance. Your total premium increases annually to reflect your increased insurance. Once a participant declines an annual increase, they cannot add this benefit later.

Is a medical exam required?

You must complete a standard application. When you apply, simply answer the health questions. Even if you have a health condition, you may still qualify. Depending on the amount applied for, a paramedical exam and blood test may be required, which will be scheduled at your convenience and at no cost to you.

Will this plan pay in addition to other coverage?

Yes. This plan pays in addition to any other insurance coverage you have. The plan also stays with you until your coverage ends. If also electing coverage under the 10-year Level Term life insurance plan and/or 20-year Level Term life insurance plan and/or the 50+ Term Life insurance plan, a combined maximum benefit amount of \$3,000,000 between all Group Life Insurance plans under this policy will apply.

How long can my coverage continue?

Your coverage can continue as long as you pay your premium when due, remain a member, have not reached age 85, remain in an eligible class, the insurance continues for your class, the participating association continues to participate in the trust and the policy remains in force. Please see the certificate of insurance for details.

Would I have the ability to continue coverage, should my plan end?

Yes, in many instances. If your insurance ends for a reason other than non-payment of your premiums, you may be able to convert your coverage into a term life insurance policy from Metropolitan Life Insurance Company or an affiliate without providing evidence of insurability. Please see the certificate of insurance for details, including eligibility for conversion and amount of coverage that may be converted.

Are there any exclusions to my coverage?

Yes. Benefits will not be paid if the member's or dependent's death occurs from suicide, or if health is misrepresented, within 2 years from the date life insurance for you takes effect.
